- 3 South Breakwater
- 4 House foundation
- 5 House foundation
- 6 Outhouse hole

View from the Dam

Photographs & Illustration: Marlin Vergo

A boat is needed to access the townsite area. There is a buoy to mark the site and to provide boat mooring. Please use it to avoid anchor damage to the sites. This is a fishing area, with heavy boat traffic. For safety, always use a dive flag and make sure there is an attendant on the boat.
