STRUCTURE #8
Bottom: 7m/23 ft.

TOP: 2.8 m / 9 ft.

TOP: 4.6 m / 15 ft.

Lake Chaparral is a 135 hectare manmade lake with an adjoining 8.1 hectare feature park.

The result is an amenity which is a major community focal point for the residents to enjoy now and in the future.

The lake bottom is impermeable clay with an average depth of 6 meters.

Manray Consulting Ltd.
#202, 280 Midpark Way S.E.
